Sect. 2 Inventory data

(1) Purpose of data processing

Your personal data you provide us during the ordering process are necessary for the conclusion of a contract with us. You are not obliged to provide your personal data. However, we would not be able to send you the goods without your address. Hence, the processing of your data collected during the ordering process is solely for the purpose of contract performance.

In the case of opening a customer account, your data (in particular name, address, payment method, e-mail and password) will be processed for registration and creation of a customer login. With the stored data, you are able to shop faster and view your previous orders at any time. By sending us a note or via a delete function you can delete the account again.

The data processed for the execution of pre-contractual measures will be deleted as soon as the measures have been carried out and the contract cannot be concluded.

These servers are also located outside the EU.
